~~Basque Politics: A Case Study in Ethnic Nationalism by ...~~

Basque nationalism is a form of nationalism that asserts that Basques, an ethnic group indigenous to the western Pyrenees, are a nation, and promotes the political unity of the Basques, today scattered between Spain and France. Since its inception in the late 19th century, Basque nationalism has included separatist movements. Basque nationalism, spanning three different regions in two states is "irredentist in nature" as it favors political unification of all the Basque-speaking provinces.

Department of International Politics), abstract: Basques are living in seven provinces at the Bay of Biscay on the territories of France (three rather small provinces) and Spain, which constitute the greater Basque Country or Euskal Herria . In Spain the southern - and by far bigger - part of Euskal Herria consists of the autonomous community Navarra and the autonomous community Basque Country (Euskadi) with its three provinces Alava, Guipuzcoa and Vizcaya. Basque nationalists in Euskadi claim especially Navarra as part of their territory. The Basque conflict can be described as a nationalist struggle based on ethnicity which is particularly vital - and violent - in Euskadi. Nationalists in the Basque Country are claiming the right for self-determination and sovereignty in contrast to the Spanish government, which is reluctant to grant the Basques sovereignty. Attacks executed by the separatist terrorist group ETA,

which have yet left more than 800 dead, are the violent excesses of the conflict. The case study pays special attention to the distinct features of the conflict by analysing the Basque society. As there has not yet been any progressed peace process, the hitherto existing efforts towards peace are being traced and those problems revealed (especially the issue of spoiling) that prevented a sustainable peace process from getting kicked off. A glance into the future is then dared that takes into consideration recent political changes."

This book explores the new debates on Basque sovereignty and statehood that have emerged in the post-violence Basque political scenario. It deciphers how sovereignty is understood or imagined by a revitalized civil society after the unilateral cessation of operations by ETA (Basque Homeland and Freedom). The contributors to this

book investigate the new political field developing in the nexus between conventional party politics, established socio-cultural and linguistic organizations, creative civil society initiatives, and innovative activism. This book is for graduate students, scholars and professionals in political science, social anthropology, European studies, political philosophy, transnational studies, sociology, political geography, and global studies. It will also be of interest to academic specialists in Basque studies, specialists working on sovereignty, nationalism and globalization, and professionals in governance, international relations, foreign affairs, European politics and diplomacy.

Online Library Basque Politics A Case Study In Ethnic Nationalism

The violent Basque separatist group ETA took shape in Franco's Spain, yet claimed the majority of its victims under democracy. For most Spaniards it became an aberration, a criminal and terrorist band whose persistence defied explanation. Others, mainly Basques (but only some Basques) understood ETA as the violent expression of a political conflict that remained the unfinished business of Spain's transition to democracy. Such differences hindered efforts to 'defeat' ETA's terrorism on the one hand and 'resolve the Basque conflict' on the other for more than three decades. Endgame for ETA offers a compelling account of the long path to ETA's declaration of a definitive end to its armed activity in October 2011. Its political surrogates remain as part of a resurgence of regional

nationalism - in the Basque Country as in Catalonia - that is but one element of multiple crises confronting Spain. The Basque case has been cited as an example of the perils of 'talking to terrorists'. Drawing on extensive field research, Teresa Whitfield argues that while negotiations did not prosper, a form of 'virtual peacemaking' was an essential complement to robust police action and social condemnation. Together they helped to bring ETA's violence to an end and return its grievances to the channels of normal politics.

This volume of 14 essays covers such varied topics as: the origin theories of the Basque language and its viability in the contemporary world; literature; gender studies; rock music and the bertsolari or troubadour; cinema; sports; and Bilbao and the Guggenheim museum.
