Deena B. Katz, CFP, a preeminent authority on practice management and an internationally recognized financial adviser, presents a comprehensive guide to running a professional financial planning practice. To create this book, Katz updated, revised, and combined her two acclaimed books Deena Katz on Practice Management (1999) and Deena Katz's Tools and Templates for Your Practice (2001). In this newly expanded volume, she presents the essentials on how to help a practice thrive side by side with the tools and templates needed for the everyday operation of your firm. This new volume offers guidance on practice-management issues: setting up an office systems and technology administration and staffing marketing growing as the market changes hanging on to clients for the long term succession planning when the time comes This comprehensive resource provides sample forms, worksheets, templates, letters, brochures, and collateral materials developed and refined by top wealth managers and planners. From keeping the business running well by designing dynamic collateral material, to considering plans for retirement, Deena B. Katz guides advisers through every challenge a financial planning business will face.

Vault brings the insider approach to the telecom and wireless industry. Providing business profiles, hiring and workplace culture information on more that 25 top employers, including AT&T, Cingular, Nextel, Verizon and more.

Now 400 pages! Over 14,000 listings in 43 celebrity categories! The Ultimate Celebrity Address & Phone Book is now available! Quit wasting time and money on downloading and buying endless celebrity lists and books that are full of outdated and incorrect addresses. Because... there's only one directory you need! This book is years of research into previously unknown addresses and other contact information, for every celebrity catagory, compiled into one book! In every category, there are only home, office, and management addresses, phone numbers, and other contact information given... including fax #s and e-mail addresses. This guide is GUARANTEED to bring you success!To show our confidence in our data, we are willing to pay you \$.50 (fifty cents) for each address that you find in our book to be incorrect. We are making it our job to provide you with current and successful addresses. Chapters with autograph collecting tips and resources.... PERFECT FOR AUTOGRAPH COLLECTORS, FUND RAISERS, OR THE MEDIA!

The Rough Guide to South America on a Budget is the definitive guide to making the most of this exotic region without breaking the bank. Backpackers, career-breakers, gap year travellers and those who want more bang for their buck, will find in-depth budget information for all twelve South American countries and every aspect of travel. From hotels, hostels and restaurants to special events, festivals and adrenalin-pumping outdoor activities, this guide is packed with the best budget information. You'll find "Treat Yourself" boxes that feature great places and things worth splashing out on and also a full-colour introduction with highlights for every country. There are reviews and recommendations for night-life, shopping, markets and entertainment, as well as useful words and phrases in every language and detailed maps for hundreds of locations. Make the most of your time with The Rough Guide to Central America on a Budget.

The consumer electronics market has never been as awash with new consumer products as it has over the last couple of years. The devices that have emerged on the scene have led to major changes in the way consumers listen to music, access the Internet, communicate, watch videos, play games, take photos, operate their automobiles—even live. Digital electronics has led to these leaps in product development, enabling easier exchange of media, cheaper and more reliable products, and convenient services. This handbook is a much-needed, comprehensive engineering guide to the dynamic world of today's digital consumer electronics. It provides complete details on key enabling technologies, standards, delivery and reception systems, products, appliances and networking systems. Each chapter follows a logical progression from a general overview of each device, to market dynamics, to the core technologies and components that make up that particular product. The book thoroughly covers all of the key digital consumer product categories: digital TV, digital audio, mobile communications devices, gaming consoles, DVD players, PCs and peripherals, display devices, digital imaging devices, web terminals and pads, PDAs and other handhelds, screenphones/videophones, telematics devices, eBooks and readers, and many other current and future products. To receive a FREE daily newsletter on displays and consumer electronics, go to: <http://www.displaydaily.com/> -Surveys crucial engineering information for every digital consumer product category, including cell phones, digital TVs, digital cameras, PDAs and many more—the only reference available to do so -Has extremely broad market appeal to embedded systems professionals, including engineers, programmers, engineering managers, marketing and sales personnel—1,000,000+ potential readers -Helps engineers and managers make the correct design decisions based on real-world data

Introducing Microsoft's flagship wireless development tool The .NET Mobile Web Developer's Guide will provide readers with a solid guide to developing mobile applications using Microsoft technologies. The focus of this book is on using ASP.NET and the .NET mobile SDK. It provides an introduction to the .NET platform and goes into moderate details on ASP.NET to allow readers to start developing ASP.NET applications. In addition, this book will give the readers the insight to use the various Microsoft technologies for developing mobile applications. This book assumes the readers have experience in developing web applications and are familiar with any one of the server-side technologies like ASP, JSP or PHP. The first book available on Microsoft's cornerstone wireless development tool Best selling, high profile authors. Wei Meng Lee and Shelley Powers are frequent speakers at all of the major developer conferences have previously authored best selling books for O'Reilly and Associates, Wrox Press, SAMS and Que Comes with wallet-sized CD containing a printable HTML version of the book, all of the source code examples and demos of popular ASP .NET and .NET Mobile programming tools Comprehensive Coverage of the .NET Mobile SDK and ASP.NET for Mobile Web developers
