Lean In: For Graduates eBook: Sandberg, Sheryl: Amazon.co ...

Lean In For Graduates (2014) review 1: Informative book that upped my motivation and desire for leaning into my budding career. Although I was already aware of some of the inequities that women and people of color face in the workplace, there were a number of experimental studies, statistics, and stories presented in Lean In for Graduates that opened my eyes to additional aspects of gender and racial inequality.

DOWNLOAD | READ Lean In for Graduates (2014) by Sheryl ...

Lean In is a superb, witty, candid, and meaningful read for women (and men) of all generations" (Condoleezza Rice, Former U.S. Secretary of State) "Sheryl Sandberg brilliantly explains how she believes women must put themselves forward if the gender gap is ever to be closed – I agree, but I would add women should not only lean in, but also stand up and cheer."

Lacey Yeager is young, captivating, and ambitious enough to take the NYC art world by storm. Groomed at Sotheby's and hungry to keep climbing the social and career ladders put before her, Lacey charms men and women, old and young, rich and even richer with her magnetic charisma and liveliness. Her ascension to the highest tiers of the city parallel the soaring heights--and, at times, the dark lows--of the art world and the country from the late 1990s through today.

Girl gangs reigning terror at Facebook, narcissistic overlords at Google . . . this is the backdrop of Lean Out, which takes readers on the journey of Marissa Orr, a single mom of three trying to find success in her fifteen-year career at the world's top tech giants. Orr delivers an ambitious attempt to answer the critical question: What have we gotten wrong about women at work? "This book is a must-read for insights on the impact that reversing systemic gender biases can have on creating more diverse, healthier workplaces for both women and men." --Joanne Harrell, Senior Director, USA Citizenship, Microsoft "This book will make you think differently about what it will take for women to succeed at the highest levels in American business." --Rishad Tobaccowala, Chief Growth Officer, Publicis Groupe Lean Out offers a new and refreshingly candid perspective on what it's really like for today's corporate underdogs. Based on both in-depth research and personal experiences, Orr punctures a gaping hole in today's feminist rhetoric and sews it back up with compelling new arguments for the reasons more women don't make it to the top and how companies can better incentivize women by actually listening to what they have to say and by rewarding the traits that make them successful. In Lean Out, Orr uncovers: Why our pursuit to close the gender gap has come at the expense of female well-being. The need to redefine success and change the way corporations choose their leaders. The way most career advice books targeting professional women seek to change their behavior rather than the system. Why modern feminism has failed to make any progress on its goals for equality. More than fifty years since the passage of the Equal Pay Act, the wage gap still hovers at 80 percent, and only 5 percent of CEOs in the Fortune 500 are women. Today, rising up the ranks in many companies still often means cutthroat, win-at-all-costs tactics, where being the loudest voice in the room is more important than being the person with the best ideas for moving the company forward. Not surprisingly, most women don't want to play this game. An everyday working woman with a sardonic sense of humor, Orr is an endearing antihero who captures the voice for a new generation of women at work. Lean Out presents a revolutionary path forward, to change the life trajectories of women in the corporate world and beyond.

"The author's experience with grief after the sudden death of her husband, combined with social science on resilience"--

An innovative career handbook in manga form demonstrates the six core principles of finding, keeping, and achieving success in satisfying work through the fable of Johnny Bunko, a young college graduate who lands his first job in the parachute company Boggs Corp. Original.
