In 1919, against a backdrop of a long history of anti-Asian nativism, a handful of Japanese families established Cortez Colony in a bleak pocket of the San Joachin Valley. Valerie Matsumoto chronicles conflicts within the

File Type PDF Farming The Home Place A Japanese

community as well as obstacles from without as the colonists responded to the challenges of settlement, the setbacks of the Great Depression, the hardships of World War II internment, and the opportunities of postwar reconstruction. Tracing the evolution of gender and family roles of members of Cortez as well as their cultural, religious, and educational institutions, she documents the persistence and flexibility of ethnic community and demonstrates its range of meaning from geographic location and web of social relations to state of mind.

“A groundbreaking work about race and the American landscape, and a deep meditation on nature...wise and beautiful.”—Helen Macdonald, author of *H is for Hawk* A Foreword Reviews Best Book of the Year and Nautilus Silver Award Winner

In me, there is the red of miry clay, the brown of spring floods, the gold of ripening tobacco. All of these hues are me; I am, in the deepest sense, colored. Dating back to slavery, Edgefield County, South Carolina—a place “easy to pass by on the way somewhere else”—has been home to generations of Lanhams. In

File Type PDF Farming The Home Place A Japanese

The Home Place, readers meet these extraordinary people, including Drew himself, who over the course of the 1970s falls in love with the natural world around him. As his passion takes flight, however, he begins to ask what it means to be “the rare bird, the oddity.” By turns angry, funny, elegiac, and heartbreaking, The Home Place is a meditation on nature and belonging by an ornithologist and professor of ecology, at once a deeply moving memoir and riveting exploration of the contradictions of black identity in the rural South—and in America today. “When you’re done with The

Home Place, it won't be done with you. Its wonders will linger like everything luminous."—Star Tribune "A lyrical story about the power of the wild...synthesizes his own family history, geography, nature, and race into a compelling argument for conservation and resilience."—National Geographic

Even before wartime incarceration, Japanese Americans largely lived in separate cultural communities from their West Coast neighbors. Although the Nisei children, the American-born second

File Type PDF Farming The Home Place A Japanese

generation, were U.S. citizens and were integrated in public schools, they were socially isolated in many ways from their peers. These young women found rapport in ethnocultural youth organizations, a forgotten world of female friendship and camaraderie that Valerie J. Matsumoto recovers in this book. Through extensive networks of social clubs, young Japanese American women competed in sports, socialized with young men, and forged enduring friendships. During the 1920s and 1930s, Nisei girls' organizations flourished in Los Angeles, then home to the largest

calendars in the ethnic press. As cultural mediators and ethnic representatives, these urban teenagers bridged the cultures of the Japanese American community and mainstream society, whether introducing new foods, holidays, and rituals into the home or dancing in kimono at civic events. Some expressed themselves as poets, writers, and journalists and took leading roles in the development of a Nisei literary network. Women's organizing skills and work would prove critical to the support of their families during World War II incarceration and community rebuilding in the

File Type PDF Farming The Home Place A Japanese

difficult years of resettlement. By bringing to life a dynamic and long-lasting world of friendship circles and clubs, *City Girls* highlights the ways in which urban Nisei daughters claimed modern femininity, an American identity, and public space from the Jazz Age through the postwar era.

Self-sufficiency doesn't have to mean getting off the grid entirely. That level of independence isn't practical for most people. A backyard farm can provide an abundance of inexpensive food as well as additional income which can bring you real independence. Whether

Kentucky and Tennessee. Original log houses, barns, and cribs, heirloom crops and vegetables, heritage farm animals and historical interpreters create the sense of going back in time. Follow the family of The Homeplace in the 1850s, learn how the work and food changed with each season. Learn the cooking secrets of The Homeplace. Let's get ready to send those delightful dishes warm to table. Join us in exploring the folklore and customs of The Homeplace, celebrating the holidays, and even hearing stories!

A growing body of evidence

File Type PDF Farming The Home Place A Japanese

shows that agricultural landscapes can be managed not only to produce crops but also to support biodiversity and promote ecosystem health. Innovative farmers and scientists, as well as indigenous land managers, are developing diverse types of “ecoagriculture” landscapes to generate cobenefits for production, biodiversity, and local people. Farming with Nature offers a synthesis of the state of knowledge of key topics in ecoagriculture. The book is a unique collaboration among renowned agricultural and ecological scientists, leading field

File Type PDF Farming The Home Place A Japanese

conservationists, and farm and community leaders to synthesize knowledge and experience across sectors.

The book examines: the knowledge base for ecoagriculture as well as barriers, gaps, and opportunities for developing improved ecoagriculture systems what we have learned about managing landscapes to achieve multiple objectives at a landscape scale existing incentives for farmers, other land managers, and investors to develop and invest in ecoagriculture systems pathways to develop, implement, manage, and scale up successful ecoagriculture

File Type PDF Farming The Home Place A Japanese

Insights are drawn from around the world, in tropical, Mediterranean, and temperate environments, from farming systems that range from highly commercialized to semi-subsistence. Farming with Nature is an important new work that can serve as a foundation document for planners, farm organizations, researchers, project developers, and policy makers to develop strategies for promoting and sustaining ecoagriculture landscapes. Replete with valuable best practice guidelines, it is a critical resource for both practitioners and researchers in the field.

File Type PDF Farming The Home Place A Japanese American Community In

Mabel Barbee Lee has written a rousing tale of early days in Cripple Creek, Colorado. She speaks with authority because she arrived there as a child in 1892, and with wide-eyed wonder saw the whole place turn to gold. With his divining rod, Mabel's father tapped gold ore on Beacon Hill but missed becoming a millionaire by selling his claim short. Nonetheless, life was rich for young Mabel in a booming town with points of interest like Poverty Gulch, the Continental Hotel, and a fantastic house called Finn's Folly; with

File Type PDF Farming The Home Place A Japanese

characters around like the promoter Windy Joe and (seen from a distance) the madam Pearl De Vere; with something always going on, whether a celebration or a disastrous fire or train wreck or a no-nonsense miners' strike. Mabel Lee's book brings back a time and place with affection. The foreword is by Lowell Thomas, who was her pupil when she was a young schoolmarm in Cripple Creek. "One of the most fascinating accounts of a gold rush town." -Chicago Sunday Tribune. "More entertaining by far than the run of fictional westerns, more authentic, of course, and a

File Type PDF Farming The Home Place A Japanese

great deal more moving."-W. M. Teller, Saturday Review

In 1915, Jukichi and Ken Harada purchased a house on Lemon Street in Riverside, California. Close to their restaurant, church, and children's school, the house should have been a safe and healthy family home. Before the purchase, white neighbors objected because of the Haradas' Japanese ancestry, and the California Alien Land Law denied them real-estate ownership because they were not citizens. To bypass the law Mr. Harada bought the house in the names of his three youngest children, who were

File Type PDF Farming The Home Place A Japanese

American-born citizens. In

Neighbors protested again, and the first Japanese

American court test of the California Alien Land Law of 1913—*The People of the State of California v. Jukichi Harada*—was the result.

Bringing this little-known story to light, *The House on Lemon Street* details the Haradas' decision to fight for the American dream.

Chronicling their experiences from their immigration to the United States through their legal battle over their home, their incarceration during World War II, and their lives after the war, this book tells the story of the

File Type PDF Farming The Home Place A Japanese

American Community in California 1919-1982

family's participation in the struggle for human and civil rights, social justice, property and legal rights, and fair treatment of immigrants in the United States. The Harada family's quest for acceptance illuminates the deep underpinnings of anti-Asian animus, which set the stage for Executive Order 9066, and recognizes fundamental elements of our nation's anti-immigrant history that continue to shape the American story. It will be worthwhile for anyone interested in the Japanese American experience in the twentieth century, immigration history, public

File Type PDF Farming The Home Place A Japanese history, and law. American Community In California 1919 1982

Fifty years ago, John Steinbeck's now classic novel, *The Grapes of Wrath*, captured the epic story of an Oklahoma farm family driven west to California by dust storms, drought, and economic hardship. It was a story that generations of Americans have also come to know through Dorothea Lange's unforgettable photos of migrant families struggling to make a living in Depression-torn California. Now in James N. Gregory's pathbreaking *American Exodus*, there is at last an historical study that moves beyond the

File Type PDF Farming The Home Place A Japanese

fiction and the photographs to uncover the full meaning of these events. American Exodus takes us back to the Dust Bowl migration of the 1930s and the war boom influx of the 1940s to explore the experiences of the more than one million Oklahomans, Arkansans, Texans, and Missourians who sought opportunities in California. Gregory reaches into the migrants' lives to reveal not only their economic trials but also their impact on California's culture and society. He traces the development of an "Okie subculture" that over the years has grown into an essential element in

File Type PDF Farming The Home Place A Japanese

California's cultural landscape. The consequences, however, reach far beyond California. The Dust Bowl migration was part of a larger heartland diaspora that has sent millions of Southerners and rural Midwesterners to the nation's northern and western industrial perimeter. American Exodus is the first book to examine the cultural implications of that massive 20th-century population shift. In this rich account of the experiences and impact of these migrant heartlanders, Gregory fills an important gap in recent American social history.

File Type PDF Farming The Home Place A Japanese American Community In Paradise Lost demonstrates the consequences to education, public services and political institutions in California of the increasing resort to the hyper-democracy of the ballot initiative process. WITH A NEW PREFACE.
