The Bible is clear about God's love for the city, be it Babylon, Nineveh, or Jerusalem. Thousands of years later, His love hasn't changed—and God still calls His people to speak truth to the cities of the world. In *City Changers*, Alan Platt shows how we need to be in the classrooms, boardrooms, and marketplaces of our communities, engaged with society and ready to offer hope to the broken. Alan gives practical answers and inspiration for influencing the spiritual, social, and cultural dimensions of where we live, as he tells his remarkable story of watching God's church deeply affect cities around the world. Generations of changed lives tell us that Christianity can radically transform society, beginning with spiritual transformation in the lives of individual people. As Alan writes, the church is called as a missional presence to instill the character and presence of Christ into the core of the community.

This volume offers up-to-date arguments for God's existence and for Jesus's deity and resurrection, answers to objections to Christian theism, and discussions of four key issues.

Two powerful and interrelated transnational cultural expressions mark our epoch, Charismatic spirituality and global city. This book demonstrates how these two forces can be used to inform ethical design of cities and their common social lives to best support human flourishing, spirituality, and social and ecological wellbeing of their residents.

First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

"Constantine was the first Roman emperor to convert to Christianity. The book explores the emperor's image as conveyed through literature, art, and architecture, and shows how Constantine reconciled the tradition of imperial divinity with his monotheistic faith. It demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to Christ. This is the first book to study simultaneously both archaeological and

historical information to build a picture of the emperor's image and propaganda. It is extensively illustrated" --Provided by publisher.

We all have questions about death. Despite the strong assurance the Bible gives us about life beyond the grave, Christians are often troubled by other questions. What will happen on the day of judgement? Will we have bodies in heaven? Will there be rewards? Marcus Nodder brings clarity to an area where many Christians are confused, and shows that there is much that we can say for sure from the Bible. Highly accessible and suitable for all Christians. Part of the Questions Christians Ask series: a range of short, simple books designed to help Christians understand what God has said about these questions and many more in the Bible.
