Prominent demographer
William Frey sees America's
emerging diversity boom as
good news for a country that
would otherwise face
declining growth and rapid
aging for many years to
come. In the new edition of

Where To Download La Explosi N Demogr Ica El

this popular Brookings Eco Press offering, Frey draws from the lessons of the 2016 presidential election and new statistics to paint an illuminating picture of where America's racial demography is headed—and

what that means for the
nation's future. Using the
U.S. Census, national
surveys, and related
sources, Frey tells how the
rapidly growing "new

set of long-range population
projections includes two

important ongoing trends:
aging and fertility decline.
New data, examples, and
discussions of emerging
demographic issues are
incorporated throughout the
value-priced Fourth Edition,
