This guide covers Romeo and Juliet by William Shakespeare.

Word count 6,306 Bestseller

This companion volume to *The New Oxford Shakespeare: The Complete Works* concentrates on the issues of canon and chronology—currently the most active and controversial debates in the field of Shakespeare editing. It presents in full the evidence behind the choices made in *The Complete Works* about which works Shakespeare wrote, in whole or part. A major new contribution to attribution studies, the *Authorship Companion* illuminates the work and methodology underpinning the groundbreaking *New Oxford Shakespeare*, and casts new light on the professional working practices, and creative endeavours, of Shakespeare and his contemporaries. We now know that Shakespeare collaborated with his literary and dramatic contemporaries, and that others adapted his works before they reached printed publication. The *Authorship Companion's* essays explore and explain these processes, laying out everything we currently know about the works' authorship. Using a variety of different attribution methods, *The New Oxford Shakespeare* has confirmed the presence of other writers' hands in plays that until recently were thought to be Shakespeare's solo work. Taking this process further with meticulous, fresh scholarship, essays in the *Authorship Companion* show why we must now add new plays to the accepted Shakespeare canon and reattribute certain parts of familiar Shakespeare plays to other writers. The technical arguments for these decisions about Shakespeare's creativity are carefully laid out in language that anyone interested in the topic can understand. The latest methods for authorship attribution are explained in simple but accurate terms and all the linguistic data on which the conclusions are based is provided. *The New Oxford Shakespeare* consists of four interconnected publications: the *Modern Critical Edition* (with modern spelling), the *Critical Reference Edition* (with original spelling), a companion volume on *Authorship*, and an online version integrating all of this material on OUP's high-powered scholarly editions platform. Together, they provide the perfect resource for the future of Shakespeare studies.

Presents articles discussing various themes in the play, including death, Catholicism, and the relationship between spectator and actor in Elizabethan theater.

A literary study guide that includes summaries and commentaries.

In *The Oxford Introductions to U.S. Law: Intellectual Property*, prominent intellectual property scholar Dan Hunter provides a precise, engaging overview and careful analysis of current laws of intellectual property and their history. Hunter first focuses on the central areas of intellectual property law, including copyright, patent, trademark, and trade secrets. He then explores the politics, economics, psychology and rhetoric of possession and control that influence and interact with this area of law. Hunter explains how intellectual property has contributed greatly to the innovations that we, as a society, need in our modern lives. He also describes ways in which the expansion of intellectual property can reduce innovation by stopping others from implementing great ideas or producing new work. Hunter helps readers think about modern intellectual property in a way that allows them to see how innovation and progress are linked to intellectual property law, and how small changes in the laws have had significant consequences for our society. Ultimately, Hunter helps readers form their own views about the various areas within the arena of intellectual property.

The forty established and emerging scholars whose work is included in this volume bring an expansive understanding of feminism to questions of

embodiment in Shakespeare and early modern studies. Using a diverse range of methods--historicism, psychoanalysis, queer theory, critical race studies, postcolonialism, posthumanism, eco-criticism, animal studies, disability studies, textual editing, performance and media studies--they present original readings of Shakespeare's plays and poems while situating his work both in the early modern period and the present day. Paying particular attention to the intersections of gender with race and sexuality, the volume collectively offers an exciting snapshot of the ways that 'feminism' and 'Shakespeare' continue to speak to and challenge each another.

A new series of bespoke, full-coverage resources developed for the 2015 GCSE English qualifications. Endorsed for the AQA GCSE English Literature specification for first teaching from 2015, this print Student Book provides specific set text coverage for the Shakespeare aspect of the specification.
