This is the first comprehensive reference work in English dedicated to the writing of world-famous Italian mystery writer Andrea Camilleri. It includes entries on plots, characters, dates, literary motifs, and themes from the bestselling author’s detective stories and television crime dramas, with special attention given to the serialized policeman Inspector Salvo Montalbano, Camilleri’s most famous character. It also equips the reader with background information on Camilleri’s life and career and provides a guide to the writings of reviewers and critics.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Through the richly intertwined narratives of two women from different generations, Ashley Hay, known for her “elegant prose, which draws warm and textured portraits as it celebrates the web of human stories” (New York Times Book Review) weaves an intricate, bighearted tale of the many small decisions—the invisible moments—that come to make a life. “Readers who loved the quiet introspection of Anita Shreve’s The Pilot’s Wife and Elizabeth Strout’s Olive Kitteridge will enjoy the detailed emotional journeys of Hay’s characters. Their stories will linger long after the final page is turned” (Library Journal). When Elsie Gormley falls and is forced to leave her Brisbane home of sixty-two years, Lucy Kiss and her family move in, eager to make the house their own. Still, Lucy can’t help but feel that she’s unwittingly stumbled into an entirely new life—new house, new city, new baby—and she struggles to navigate the journey from adventurous lover to young parent. In her nearby nursing facility, Elsie traces the years she spent in her beloved house, where she too transformed from a naïve newlywed into a wife and mother, and eventually, a widow. Gradually, the boundary between present and past becomes more porous for her, and for Lucy—because the house has secrets of its own, and its rooms seem to share with Lucy memories from Elsie’s life. Luminous and deeply affecting, A Hundred Small Lessons is a “lyrically written portrayal” (BookPage, Top Pick) of what it means to be human, and how a place can transform who we are. It’s about a house that becomes much more than a home, and the shifting identities of mother and daughter; father and son. Above all else, this is a story of the surprising and miraculous ways that our lives intersect with those who have come before us, and those who follow.

“You either love Andrea Camilleri or you haven’t read him yet. Each novel in this wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction, blasts the brain like a shot of pure oxygen... transporting. Long live Camilleri, and long live Montalbano.” —A.J. Finn, #1 New York Times bestselling author of The Woman in the Window Set on the Sicilian coast, a collection of eight short stories featuring the young Inspector Montalbano In 1980s Vigàta, a restless Inspector Montalbano brings his bold investigative style to eight enthralling cases. From jilted lovers and deadly family affairs to assassination attempts and murders in unexpected places, Death at Sea is the perfect collection to escape into Andrea Camilleri’s unforgettable slice of Sicily.

From Roberto Aguirre-Sacasa and the writers of the CW’s Riverdale comes the second collection of the comic book set in the universe of the TV series. RIVERDALE VOL. 2 offers a bold, subversive take on Archie, Betty, Veronica, Josie & the Pussycats and their friends, exploring small-town life and the darkness bubbling beneath Riverdale’s wholesome facade. Set in the same universe as the hit CW series, Vol. 2 features stories set in between episodes of the new CW TV series Riverdale: • Meet Kevin Keller: an openly gay, well-liked member of Riverdale. Unfortunately, Kevin’s likability doesn’t always translate to romance, and finding a suitable partner in Riverdale is harder than you might think! • Get a peek into what makes Riverdale High hot-shots Reggie Mantle and Josie McCoy tick. Reggie’s used to getting what he wants, and sets his romantic sights on the lead singer of the Pussycats. But when Josie turns him down, just how far will Reggie go to convince her he’s worth an audition? • See all the secrets Pop Tate overhears in his day-to-day business, told through four vignettes in four different booths! • Dilton Doiley has always been a little...borderline, but when his science teacher tells the class about an astronomical event they’ll be observing, Dilton’s worst fears are confirmed--the end of the world is nigh! As he takes drastic steps to prepare, Jughead is caught in a dilemma--should he humor Dilton or try to stop him? And what if Dilton’s right...?
