In this newly revised work, Michael Bowers presents an historical overview of constitutional development in the state of Nevada. The Nevada State Constitution provides a comprehensive section-by-section analysis of the state constitution. In addition, a thorough bibliographic essay notes the seminal works relating to the constitution, and a list of cases enumerates the landmark federal and state court decisions interpreting the state's constitution and the more than one hundred amendments to it. Offering broad national coverage on an array of topics, Natural Resources Law, Fourth Edition conveys the drama behind resource disputes and policy and the love-of-place. Most cases are introduced with a photo or map of the place, along with a context-setting paragraph. Each group of cases—both foundational cases as well as new decisions—begins with a factually rich discussion problem tailored to the cases that follow. Many problems mirror traditional essay exam questions; others raise contemporary policy issues. This highly teachable book groups readings into discrete, assignment-sized chunks of 25-40 pages, allowing coverage of 2-4 cases or one problem during each class session. The main emphasis is on primary sources, and each chapter opens with relevant statutory and regulatory sections.
