The ultimate reference for Triumph lovers and fans of British motorcycles. The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today collects all of the motorcycles from this iconic brand in a single illustrated volume. In this revised and updated edition, you'll find the all-new Bonneville lineup introduced for the 2016 model year as well as other Triumphs through 2019. Originally formed as a bicycle company in 1885, Triumph produced its first motorcycle in 1902, which was simply a bicycle fitted with a Belgian Minerva engine. From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. Written by respected Triumph expert Ian Falloon, this luxurious reference covers all of the major and minor models, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. Detailed technical specifications are offered alongside compelling photography, much of it sourced from Triumph's archives. The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today also features important non-production models and factory racing and speed-record-setting motorcycles that have become integral parts of Triumph's stellar reputation. This is a book no Triumph fan should be without!

When Triumph were reborn in a stunning manner in 1961, most expected that the top-of-the-range sports machine would be labelled as a Bonneville - but no - top sports honours were awarded to motorcycles carrying the world 'Daytona' in their title. Daytona notoriety appeared in the form of the Daytona 1200, a machine of truly awesome performance. With the T595 Daytona, however, Triumph built the first of their truly market sector-leading sports bikes using entirely new engine and cycle parts.This portfolio of articles traces the progress and successes of Triumph's Daytona models over their 15 years of production. Included are model introductions and 'first rides', road, comparison and 'used bike' tests plus full specifications and performance data. Advice is also offered on acquiring a good pre-owned Triumph Daytona.

Elvis Presley, the Hell's Angels, Hunter S. Thompson, Truman Capote, the Beatles, Judy Garland, Hank Williams, Jack Kerouac, Johnny Cash, JFK, the Manson Family and Adolf Hitler. All of the above were, at one time or another, to put it bluntly, speedfreaks.Speed-Speed-Speedfreak traces the criminal and cultural use of amphetamine and its growing use through each new and destructive cycle. Speed is both one of the biggest social problems facing the country today, an indispensable component of the doctor's medicine bag, and a huge and abiding influence on artists, musicians and writers.
