0128
A low risk approach to smart
manufacturing innovation

When Worlds Collide - The Industrial
Internet From the explanations above
we can see that, traditionally at least,
IT and OT have had fairly separate
roles within an organization. However,
with the emergence of the Industrial
Internet and the integration of complex
physical machinery with networked
sensors and software, the lines
between the two teams are blurring.

IT vs. OT for the Industrial Internet
Here is information on the new book
out this month--When Worlds Collide
in Manufacturing Operations: ISA-95
